

Year-end Letter from the Treasurer

As you are thinking about the end of this second year of the pandemic and looking forward to 2022, please keep in mind the still sick and suffering alcoholics in the world. Remember that through New York Intergroup, those in need can find a solution by locating a local in-person or remote meeting to help them find sobriety. Contributions from individuals and groups to New York Intergroup at the onset of the new year are greatly appreciated. Wishing you all a happy and sober new year!
